

Please join us on **Wednesday, May 29th at 7:00 PM in Murray Hall** to hear a special end-of-the-year PTO Speaker.

Jerry Mitchell, an Education and Outreach Specialist at the Pennsylvania Office of the Attorney General, will be returning to talk about online safety and keeping our kids safe and informed as we head into summer vacation.

Jerry Mitchell was our guest speaker last year during a PTO meeting, and we began the school year by inviting him to speak to students.

Jerry is such a knowledgeable and dynamic speaker that we have asked him back again for another session to help us all navigate the online world our kids live in today. He has an important message to share - no matter what age your student is.

This meeting is intended for parents only. Jerry would like this meeting to be a back and forth discussion, so please bring your questions! We are working with Jerry to schedule a day in the Fall where he will come and speak with students in a smaller setting.

"Those of us who grew up in the 1980s — none of us saw this coming. But we have to deal with it. This is the world our kids live in. They will make friends on it, or people they think are friends."

-Jerry Mitchell

"We are not anti-technology. We want them to embrace it. Grow. Learn with it. Just be safe with it. Use it, but don't misuse it."

-Jerry Mitchell
