KIMADO has been an amazing experience for us over the last 7 years. I've seen my 4 children grow in strength, maturity and confidence. KIMADO is so much more than "another activity". There is a focus on strength, but also academics and respect for others. And the family atmosphere is undeniable! You feel it the first time you walk in the door.

My children have been attending KIMADO for the last 5+ years and have recently earned their black belts. They have learned so much self-discipline and respect for themselves and others. They have gained self respect and have boosted their self esteem knowing they are strong and can do anything they set their minds to. We love KIMADO

KIMADO has been an incredible experience for our son! We love the structure and how he has grown since starting classes there. It challenges him in so many wonderful ways. It has all of the traditional instruction but yet a family feel.

Hands down we would recommend KIMADO!
